

The Dueck Family

Aletheia and her husband, Nelson, welcomed identical triplet boys on 8/24/2021.

The Dueck's were already busy with Ayla (6), Hazel (4), and Benny (2) when the surprise pregnancy also came with the extremely rare news of 3 identical boys!

Aletheia joined **Double Take** when she learned of her pregnancy for support and attended the August monthly meeting in person, not knowing that her triplets would be coming soon!

The triplets arrived at only 27 weeks and have been in the NICU at Northwest Community Hospital for 53 days with a long journey ahead of them. Joey is now at 3 lbs 14 oz, Ollie is at 3lbs 8 oz and little Nels is at 2 lbs 12 oz.

Aletheia has shared the ups and downs of the NICU. Besides the emotional tolls this takes on a family, they also expect medical bills to be close to \$90,000 out of pocket. They have a Go Fund Me site and have raised about \$14,000 of their goal of \$50,000 to help with bills in the short term. She has been extremely appreciative of any and all assistance given. Double Take has done a calling/text tree to check in on Aletheia and her family, have provided a care package, and are reminding members monthly to consider donating through her Meal Train.

Thank you for consideration of this sweet family for the MOI philanthropic Family of the Year. The Dueck's and their children would be grateful for any additional support that could be provided!
